“ Brother, I will miss you like there is no tomorrow! I can not believe it yet, that we lost you. David, you were such a giving and loving man. There was no one, that needed a place to stay, that you didn't offer your home to. You stepped up and took care of Kenny when I needed your help, you were there. I will never forget that! There wasn't a baby in our entire family, that you didn't dote over and show all the love you had. There are so many of us that are going to miss you and your little quirks. I hope you, Mom, Dad, Kenny and Kathy and Rick and everyone else are up there having a good time, because down here, we are hurting some. I love and miss you!
