“ *So sorry to hear of Dennis' passing.*

I drove for Schneider for 16.5 years... Several of those years Dennis and I would wind up driving on the same dedicated accounts, and we became friends. The Lowe's account had us "running into" each other a lot. Our bull sessions were quite enjoyable! And, I got to hear about the dog that ate nearly a full canned ham...

In the years following my departure from Schneider (Dennis still worked awhile after I left) Dennis and I still sporadically kept in touch via Facebook Messenger.

Dennis was a good guy, and I'll miss our occasional "chats" on Messenger, and mostly our friendship.
