

## Michele Gutzmer

April 3, 1969 - September 4, 2024

Michele Leigh Gutzmer (née Hahn)

April 3, 1969 – September 4, 2024

Michele Leigh Gutzmer, age 55, of Madison, Wisconsin, passed away peacefully on September 4, 2024. Michele was born on April 3, 1969.

Known for her adventurous spirit, Michele found joy in the great outdoors, often immersing herself in nature through camping trips and canoeing adventures. Her love for grilling and making large family meals was as lavish as her other pursuits, reflecting her approach to life.

In a final act of defiance against the ordinary, Michele chose to leave this world in a manner reminiscent of Hunter S. Thompson. True to her nature, she embraced her exit with the same intensity and individualism that defined her life. This final choice was a testament to her relentless pursuit of living on her own terms.

She is survived by her loving husband, Dewey; two of her three sons, Geoeffery and Lyle, who thrived despite her unique and spirited parenting style; her grandchildren, Toree and Harper, and Novalie and Cynthia, whom she never had the chance to meet; and finally her step father Bill Mulholland.

She is preceded in death by her son Toree, her mother Cynthia and her sister Marsha.

Michele's final moments brought her the peace she struggled to find in life. Her presence will be noted by those who knew her, though her legacy will be remembered with complexity.

# Tribute Wall

“ *A kind hearted, wild at heart woman with such an amazing soul.* ”
