“ *I have had the distinct pleasure of knowing Bobby for as long as I can remember. I first met him when I worked at Village Inn. He always had a story to tell me about someone not giving him his pop money although he never knew why, lol. He always had that bright smile for me whenever I saw him. He will truly be missed. “ I have known Bob aka Bob-O, Bobby for a very long time. I worked with him at Village Inn when I was 18 (I am now 58) then most recently at day services he was in my room for the past several year. He made me smile everyday. He would get mad and say I want my pop money Ann because Jan just wouldn't come out. Then in February I accepted a position as a QIDP and left his room and everyday he would Ann I mit you come back! Then he would laugh that contagious laugh that we all will miss. Love you buddy watch over us...until we meet again. Jan

“ I got the pleasure of working with Bob for 5 years. He could never say my name, so my nickname became Boo Boo. He would come into my office and say “Boo Boo.....I need to talk” and he would start complaining about everything and anybody. And even though he was complaining it always brought a smile to my face. I will miss those chats... forever BooBoo ❤️❤️

“ I have known Bob since I was 6 years old. I have given him 50 cents a day 5 days a week for at least the last 10 years. My husband said to me "you will be two dollars and fifty cents richer every week". I chuckled then teared up and said I'd give ten dollars a day to hear him yell "Manda Gray need my pop money" again. A day will not go by without thinking of him.
