“ I am a friend from the Sunday School Class and Roger with us every Sunday on the computer. One Sunday, he left us on the computer and he never came back so I told the class that I would call him. I called him on Sunday morning, the 14th. His phone went right to voice mail so I was concerned about him and waited for him to call me back. But, of course that didn't happen He seemed like a very nice man and we all were concerned about him. So sorry that we didn't call sooner. We will all be praying for your family. This is a very nice picture of Roger.
